

CCA Newsletter

CCA's First Newsletter

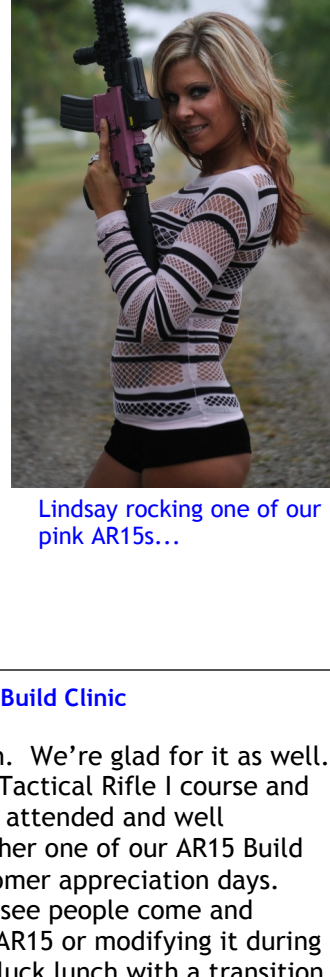

October 14th, 2011

This is our first newsletter and we'll keep it light this month. CCA continues to grow and we just completed our first Precision Rifle course. My personal favorite type of shooting is Tactical Precision. With a soft spot for this type of shooting, I was tickled to achieve a personal goal of holding a top tier course right here in the Midwest. If you missed out on it, there will definitely be more of them, so watch the training page for the dates of upcoming training.

The "Jacki Signature Series" weapon build or coating package promotion.

CCA is offering a special package for a limited time. One of our CCA models, Jacki, is going to be available for a signature series photo shoot. You build a weapon with CCA or buy a coating package from CCA and request the "Jacki Signature Package" and she'll pose for a photo with your weapon. You'll get an electronic copy, signed copy, and you're weapon can be signed as well should you choose. We only have a limited number of these photo shoots available.

CCA Tactical Rifle Courses—Precision Rifle Courses-CCA AR15 Build Clinic

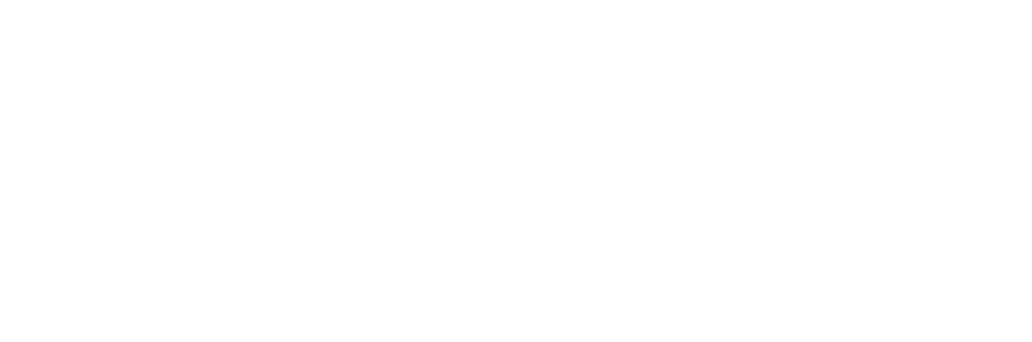

Tactical Rifle I

Precision Rifle I

September was a busy month. We're glad for it as well. We were able to hold a CCA Tactical Rifle I course and this two day course was well attended and well received. We also held another one of our AR15 Build Clinics which double as customer appreciation days. During that day we typically see people come and participate in building their AR15 or modifying it during the morning program. A potluck lunch with a transition into an afternoon of shooting follows. We're always fortunate to have the crew from High Velocity LTD to come and bring their NFA collection. While CCA is gaining on them quickly, the HV crew has a well rounded and impressive collection for people to use and enjoy. Our thanks for their continued willingness to come and participate. To wrap things up we had Tony and Rob from Team Blaster fly into town and put on our Precision Rifle I course on Saturday and Sunday. We had a great class full of students and the training was first rate! Our last CCA Basic Handgun course is Oct 29th, so get in before the year wraps up.
